Dear Rhenish Primary Alumni

We would very much like to get your input regarding where you believe Rhenish is currently positioned. Although you may not have much direct contact with the school anymore, we would very much like to know how the school is perceived by our Alumni.

Below is a link to an online questionnaire. If you have no knowledge of a particular area of the school, please leave the question blank. This will prevent skewed results. Please note that once you have answered a question you can change the answer, but cannot deselect the question and leave it blank.

It should take about 10 minutes, and will be best done on a laptop or PC rather than a mobile device. Please take careful note of the rating scale on the first page.

Your input and feedback will be critical in contributing to a strategic planning discussion we will be facilitating soon, and the data collected from this questionnaire will be a vital gauge as to where the school is currently positioned in a number of key areas. We thank you for taking the time to complete this, and we look forward to your feedback.

If you have any contact with other members of the Alumni, please do send them the following link to update their details with us.

Many thanks for your support, it is much appreciated.

Regards
